

Z Series

Z Series: A table system based on the classical table form with its four round and square tube legs. The clean design opens up many possibilities for individual arrangement and is also suitable for use as a cafeteria table.

As a basic table range, the Z series offers a number of quality features: The elements which make up the frame are made from high-quality cast aluminium and drawn steel tubing. Corner and node connectors are used to attach the plate frame and guarantee a high level of stability. You can choose either round or square table legs.

Product features

- Functional, timeless four-leg table system (work table, conference table, bench)
- Round and square tube options
- Frame connection made of high quality aluminium for high stability
- Height adjustment variants:
 - Fixed worktable height from 720 mm
 - Height adjustment from 650 – 850 mm using Allen wrench (type A standard)
 - The set height of the work table can be read off from a printed height marking on the inner part of the leg
- Electrical outlets:
 - Horizontally hinged cable channel, fixed table top
- Can also be used in recreational areas (e.g. cafeterias)
- Desk top thickness: 19 or 25 mm
- Certificates
 - Quality Office
 - GS mark
 - Blue Angel UZ 38
